### Announcement of the 16<sup>th</sup> edition of the Challenge d’Aviron de Mer Prince Albert II

#### *A new Team Concept*

Dear rowing friends,

After a long period of silence, it is with great pleasure that we announce the 16<sup>th</sup> edition of the Challenge d’Aviron de Mer Prince Albert II In 2021 on November 27 and 28.

The Principality of Monaco is delighted to welcome once again on its waters coastal rowing world’s best. And to celebrate this reunion, we came up with an innovative formula that puts the collective at the heart of our event. “Change or be changed” is the motto that has guided us in recent months.

So, what’s new?

- ➔ Participation is limited to 20 teams<sup>1</sup>, representing the highest level of coastal rowing, which will compete in Monaco Bay to win the prestigious Prince Albert II Challenge!
- ➔ For this, each registration has to be a team of 5 people, made up of 4 rowers: two women and two men, accompanied by a coxswain.
- ➔ The rowers will compete in the following categories: Women Solo, Men Solo, Mixed Double and Coxed Mixed Four.
- ➔ Depending on their ranking, the teams will earn points which will be accumulated over the two days of competition to reveal the final ranking at the end of the last race.

With this concept, each rower and every race count in the pursuit of final victory!

<sup>1</sup> Teams may be composed by rowers from the same club or the same country, or from mixed clubs or countries.

Dear friends,

We look forward to seeing many of you ready in Monaco on November 27 and 28, 2021!
